### SUMMARY OF PROJECT

*\*Below is only an example. More information is always helpful!*

My band, X BAND LISTED HERE, will work with Tulsa County-based SMALL CREATIVE BUSINESS LISTED HERE to create an EP- including three songs that will be released on all streaming platforms in the Fall of 2022. Our goal for this EP is to add new content to our current collection, and to reach more people with a set of joyful songs. We hope to get this EP on multiple Spotify playlists which will help grow our fanbase and attract record labels.

*\*Please include any additional information or support material*
